The production standards are determined by metric and DIN norms. Spot lights and the sunlight is absorbed by the antireflective UV protective film which provides a clear view without gleam.

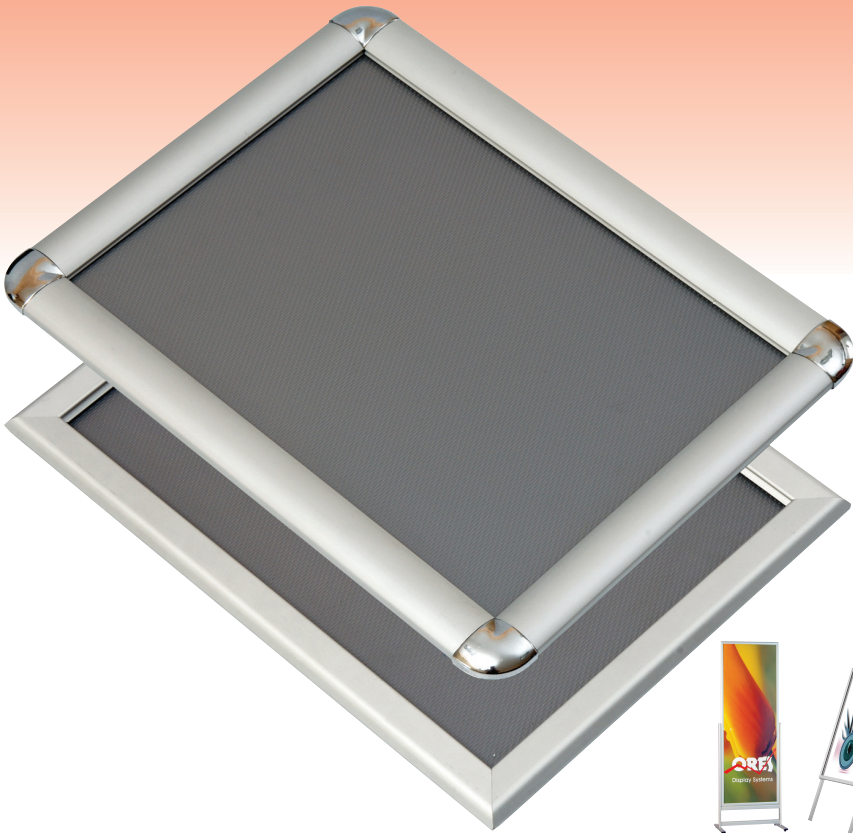

How to use

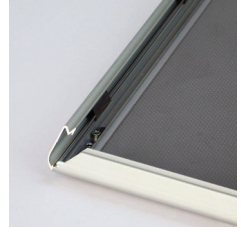

Poster Size Diagram

POSTER FRAMES

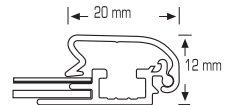

The poster size of the main frame image shown on this page is 500 mm wide and 700 mm long.

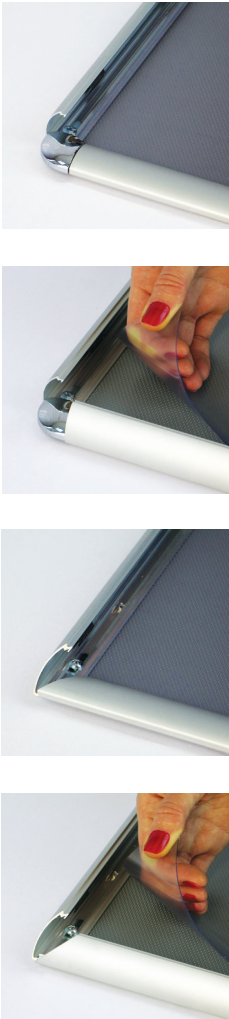

Optional hangers

Available with mitred corners.
Natural silver anodised finish as standard.
RAL colours available upon request.
Screws and anchors provided for assembly.
Optional hangers or double sided tape available
for easy assembly.
Each frame is packed in individual carton boxes.

Wonderfully versatile, our Wooden Snap Frames provide not only the high quality look that wood provides, but also the durability of aluminium. They are actually aluminium frames finished with a wood grain effect wrap, which means that there is no risk of the frames tarnishing over time if used outdoors.

The poster size of the main frame image shown on this page is 500 mm wide and 700 mm long.

Optional hangers

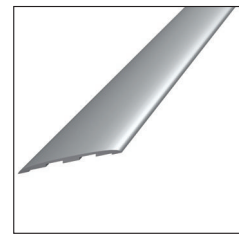

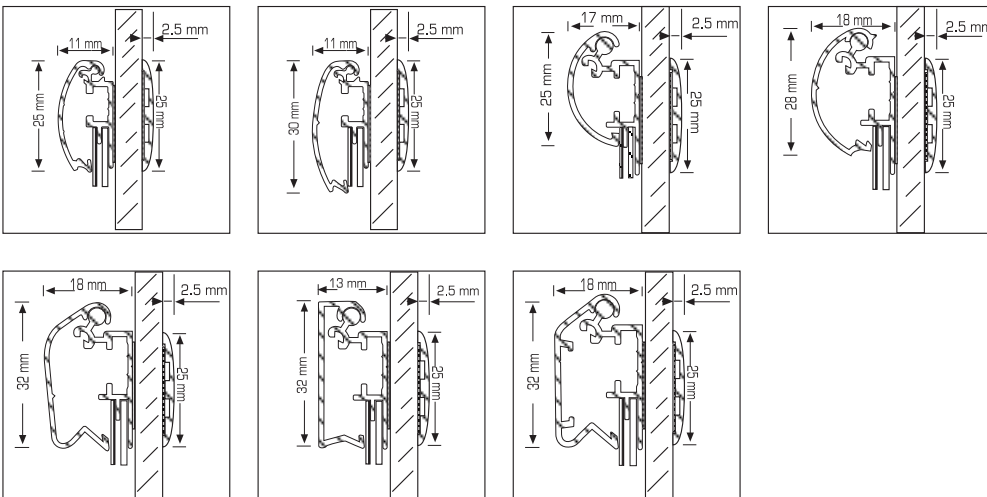

Available with mitred corners.
Natural silver anodised finish as standard.
RAL colours available upon request.
Screws and anchors provided for assembly.
Optional hangers or double sided tape available for easy assembly.
Each frame is packed in individual carton boxes.

[!] Each package includes an allen key to unlock the profile.

HOW TO USE THE WINDOW FRAMES

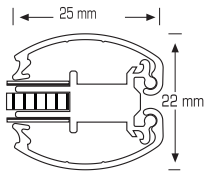

Window frames are suitable only for mitred corner poster frames.

Window Frame Profile is available in "25 mm, 25 mm security, 28 mm, 30 mm, 32 mm, 32 mm Flat, 32 mm lockable" snap frames. Window Frames have 2 antireflex PVC sheets to display the posters on both sides of a window. Window Frame back profiles hides the double sided adhesive tape that holds the snap frames on to the window.

The poster size of the main image shown on this page is 500 mm wide and 700mm long.
